PROJECTS

POMPOM

A site to display collectables.
<http://www.pompom.fun>

REACT | REDUX | AXIOS | MASSIVE | EXPRESS | POSTGRE SQL

- Full CRUD web app that allows user to upload and display their collectables.
- Won Best Design award.
- Front end built in React with Redux.
- Safely log in with Auth0.
- Implemented Cloudinary to upload item photos.
- Http requests made with Axios.
- Backend runs on Node and uses Express as a server and Massive to connect with PostgreSQL database.

GUCCI CLONE

E-commerce web app.
<http://www.mucci.xyz>

REACT | CONTEXTAPI | FIREBASE | SASS | NODE

- Used excellent team work skills to create app with a group.
- Collaborated with team using GitHub, Trello, daily standup meetings and Slack.
- Database and user log in managed with Firebase.
- Implemented Stripe API to purchase items and Nodemailer to send a receipt.

PROFESSIONAL CAREER

SERVER

Cornish Pasty Co. | 2017 - 2018

- Provided excellent customer service to customers by taking orders, ensuring they received and were satisfied with order.
- Successfully took care of large parties, up to 35 people at once.
- Showed great teamwork by bussing coworkers tables, running food, helping if they were behind, and used excellent communication skills.

ROASTER | TRAINER | BARISTA

Cartel Coffee Lab | 2013 - 2017

- Promoted to Roaster Nov 2016 due to leadership, tenacity and ability to learn quickly - Managed large volumes of coffee beans, understood temperatures and adjustments of complicated roasting machinery. Packaged and assembled wholesale orders.
- Promoted to Trainer of new staff due to excellence in barista skills, leadership qualities & reliability - Managed schedule of trainees and successfully taught them barista skills.
- Expert level barista - Successfully produced high volumes of drinks, while delivering excellent customer service during very busy hours.
